in health and social care involved in the care, treatment and support of those aged 16 or over who may lack the capacity to make decisions for themselves. This guide

Reference guide to consent for examination or treatment

Minors and the Right to Consent to Health Care The notion that many minors have the capacity and, indeed, the right to make important decisions about health care has been well established in federal and state policy. Many states specifically authorize minors to consent to contraceptive services, testing and treatment for HIV and other sexually transmitted diseases, prenatal care and delivery ...
